<sup>2</sup> This statement contains the final figures showing budget results for fiscal year ending June 30, 1967. The difference between the final results as shown in this statement and the preliminary figures released in July are due to inclusion in the final accounts of Government disbursing, collecting, and administrative agencies of certain receipts and disbursements, including overseas transactions, reports of which were not available when the preliminary statement was released.  
<sup>3</sup> Includes debt not subject to limitation, which on June 30, 1967, amounted to \$262,012,656.47. The statutory debt limitation established at \$285 billion by act approved June 30, 1959, has been temporarily increased during the periods covered by this table. The dates when each increase became effective are as follows: \$309 billion on July 1, 1963; \$315 billion on December 1, 1963; \$324 billion on June 29, 1964; \$328 billion on July 1, 1965; \$330 billion on July 1, 1966; and \$336 billion on March 2, 1967 through June 30, 1967.

The expenditures for Transportation Department include figures which were previously shown under Commerce, Interior, and Treasury Departments, Federal Aviation Agency and other independent agencies.  
<sup>6</sup> Distribution between income taxes and employment taxes made in accordance with provisions of the Social Security Act as amended, for transfer to the Federal Old-Age and Survivors Insurance Trust Fund, the Federal Disability Insurance Trust Fund and the Federal Hospital Insurance Trust Fund.  
<sup>7</sup> "Individual income taxes withheld" have been decreased \$234,443,048.43 to correct estimates for quarter ended September 30, 1966 and "Individual income taxes other" have been decreased \$42,652,503.27 to correct estimates for calendar year 1965 and prior. The total of the above adjustments (\$277,095,551.70) is shown as an increase of employment taxes under "Federal Insurance Contributions Act and Self-Employment Contributions Act" representing increases in appropriations of \$233,074,844.73 for Federal Old-Age and Survivors Insurance Trust Fund; \$22,235,675.92 for

Federal Disability Insurance Trust Fund and \$21,785,031.05 for Federal Hospital Insurance Trust Fund.

The limitations in effect as of the end of the actual periods covered by this table are as follows: fiscal year 1965, \$324 billion; fiscal year 1966, \$328 billion; fiscal year 1967, \$336 billion; and fiscal year 1968 (October 31, 1967), \$358 billion.

<sup>2</sup>From 1968 Budget Document released January 24, 1967. More recent estimates are discussed in the President's "Message on the State of the Budget and the Economy to the Congress of the United States" dated August 3, 1967 (House Document No. 152, 90th Congress).

<sup>3</sup>These figures are preliminary and will be revised and published in a final statement which will include certain overseas and other transactions reported by Government disbursing, collecting and administrative agencies.

<sup>4</sup>Transactions cover the period July 1, 1967, through October 20, 1967 and are partially estimated.

<sup>5</sup>Distribution between income taxes and employment taxes made in accordance with provisions of the Social Security Act as amended, for transfer to the Federal Old-Age and Survivors Insurance Trust Fund, the Federal Disability Insurance Trust Fund and the Federal Hospital Insurance Trust Fund.

<sup>6</sup>Individual income taxes withheld have been increased \$271,449,689 to correct estimates for quarter ended December 31, 1966 and "Individual income taxes other" have been decreased \$4,532,393 to correct estimates for calendar year 1965 and prior.

The total of the above adjustments (\$266,917,295) is shown as a decrease of employment taxes under "Federal Insurance Contributions Act and Self-Employment Contributions Act" representing decreases in appropriations of \$201,583,432 for Federal Old-Age and Survivors Insurance Trust Fund; \$24,869,057 for Federal Disability Insurance Trust Fund and \$40,464,806 for Federal Hospital Insurance Trust Fund.

<sup>7</sup>The distribution of amounts by type of tax applicable to budget accounts for the month is partially estimated.

<sup>8</sup>Represents residual of gross receipts and expenditures after reduction for certain costs which are included in amounts shown for special activities.

<sup>9</sup>Includes certain costs transferred from price support operations for which expenditures may have been made in prior years, in addition to adjustments for the prior months' transactions.

<sup>11</sup>Represents changes in cash on hand, in banks held outside the Treasurer's account, deposits in transit and cash payments not yet covered by vouchers processed through accounts.

<sup>12</sup>Amounts shown for individual classifications are net of refunds of taxes. For gross amount of administrative budget receipts including Internal Revenue and also trust receipts see Table III, page 2 and Table IV, page 12.

# Monthly Statement of Receipts and Expenditures of the United States Government

Major modifications in the format and classification of data for the Monthly Statement of Receipts and Expenditures of the United States Government have been underway, coordinate with the fundamental changes adopted for the President's Budget for 1969. As is widely known, the changes stem from the recommendations of the President's Commission on Budget Concepts which have been adopted.

The scope of the changes, including certain new requirements which the Treasury has had to establish for all reports furnished by Government agencies, have inevitably resulted in a longer operating cycle and a consequent reduction in the timeliness of publication of the Government-wide statement.

It is expected that the statement for January 1968, the first statement consistent with the new budget concepts, will be published on or about the last day of February. This publication schedule is expected to prevail throughout the rest of fiscal year 1968. Every effort will be directed toward restoring, as soon as possible, the very timely publication date around the 20th of the month which has prevailed for many years.

Also, for some months to come, the published monthly statements will not be complete with respect to prior year comparative data on the new budget bases. Such data will be developed as soon as possible for publication.

# Monthly Statement of Receipts and Expenditures of the United States Government

This issue of the Treasury's "Monthly Statement of Receipts and Expenditures of the United States Government" incorporates for the first time the changes adopted in the President's Budget for 1969, in consonance with those recommendations of the President's Commission on Budget Concepts which have been adopted and implemented at this time.

Basic among the changes is the unified budget which has the following format with respect to receipts, expenditures and related financing transactions:

## Budget receipts, expenditures, and lending

Receipt-expenditure account

Plus: Loan account

Equals: Total budget

## Means of financing

Changes in borrowings from the public

Changes in cash balances

Changes in other accounts for various types of assets or liabilities which stem directly from the receipt or payment of money

Total budget financing

Table III in the new format covers Budget Receipts, Expenditures and Lending, and Table IV covers Means of Financing. Tables I and II are summaries.

In terms of program coverage, Table III encompassing all transactions within the unified budget now covers all Federal agencies and programs, including virtually all programs financed by trust and deposit funds which heretofore were not included in what was called the "administrative budget." Certain accounts formerly in the trust and deposit fund category remain outside the budget, coordinate with the Commission's recommendations. These are primarily the Federal Land Banks and Federal Home Loan Banks, which are entirely under private ownership, the Municipal Government of the District of Columbia, and various deposit accounts for moneys held by the Government in a banking capacity for account of others.

In terms of transaction coverage, Table III for the new budget now excludes certain items heretofore included in the "administrative budget." These transactions cover seigniorage, the Government's account with International Monetary Fund and issues and redemptions of participation certificates--all of which are now included in Table IV on Means of Financing.

As an integral part of the unified budget, the new Loan Account includes all transactions affecting the principal on loans outstanding, except for any foreign loans that are made largely on non-commercial terms and any other loans for which repayment is contingent rather than mandatory. Loan transactions not included in the new loan account portion of the budget are included in the Receipt-expenditure account portion.

The "Receipts" category of this Statement heretofore disclosed all collections of money except those for credit to expenditure accounts which were disclosed as reductions in the "Expenditures" category of the Statement. In the new composition, the "Receipts" are confined to those classes of collections which are derived from sovereign authority (such as taxes, customs

duties, and certain applicable miscellaneous receipts). To the extent that market-oriented receipts or receipts of a business enterprise nature were heretofore disclosed in the category of miscellaneous receipts, they are now being reported as offsets against the expenditures of the agency or program through which the receipts are generated.

Two additional changes, unrelated to the basic changes in concept, have been introduced in this month's Statement. First, there is a new columnar arrangement stemming from experience gathered over the years with respect to needs of users of the data and the Treasury's internal operating needs. Second, in the interest of economy, consistent with the needs, amounts are stated in the detailed Tables III and IV in thousands of dollars.

As previously announced, it was not feasible to include "prior year comparative data" on receipts and expenditures in this first monthly Statement on the new basis. Prior year comparative data, which hereafter will be confined to the cumulative transactions for the fiscal year, will be included in this publication as soon as the special efforts to develop that data on the new basis have been concluded. Also, supplementary tables are expected to be added from time to time.

FOOTNOTES

Source: Prepared by the United States Treasury Department, Bureau of Accounts, on the basis of reports received from disbursing, collecting, and administrative agencies of the Government.

<sup>1</sup>This statement incorporates the fundamental changes adopted in the President's Budget for 1969 which stem from the recommendations of the President's Commission on Budget Concepts. Prior year comparative data are not yet available; therefore, the applicable columns are blank.

<sup>2</sup>Actual receipts for employer contributions for F.I.C.A. taxes for Federal Government employees are shown as Employment taxes. The estimates of \$527 million for these taxes are shown as Federal employer contributions to retirement funds. Actual bullion charge receipts are shown as offsets to Treasury Department expenditures. The estimate of \$46 million for these receipts are shown as All Other receipts.

<sup>3</sup>Transactions cover the period July 1, 1967, through March 8, 1968 and are partially estimated.

<sup>4</sup>"Individual income taxes withheld" have been increased \$437,516,596 to correct estimates for quarter ended June 30, 1967 and "Individual income taxes other" have been decreased \$9,927,420 to correct estimates for calendar year 1965 and prior. The total of the above adjustments (\$427,589,175) is shown as a decrease of "employment taxes" under "Federal Insurance Con-

tributions Act" representing decreases in appropriations of \$375,644,123 for Federal old-age and survivors insurance trust fund; \$23,708,978 for Federal disability insurance trust fund and \$38,163,494 for Federal hospital insurance trust fund, and as an increase of "self-employment taxes" under "Self-Employment Contributions Act" representing increases in appropriations of \$9,191,329 for Federal old-age and survivors insurance trust fund and \$736,090 for Federal disability insurance trust fund.

<sup>5</sup>Includes adjustment of refunds taken as tax credits.

<sup>6</sup>Includes adjustment reclassifying certain prior months transactions.

<sup>7</sup>Includes \$50 million. Pursuant to Public Law 90-29 approved June 24, 1967, the Secretary of the Treasury has determined that silver certificates of this amount have been destroyed, irretrievably lost, or are held in collections, and will never be presented for redemption.

<sup>8</sup>Represents reclassification to "Appalachian Regional Development Programs."
